

KONG

KING OF ATLANTIS

Using Kong's DNA and a small amount of human DNA (taken from Dr Jenkins' own grandson Jason), a new Kong was born.

After the sunken city of Atlantis begins to rise, its evil Queen Reptilla tricks Kong and enslaves him. Jason helps free Kong and defeat Queen Reptilla and together they conquer. With 4 original songs, this is a coming of age film for Kong who is the only one who can save Kong Island and all of its human and animal inhabitants from the evil Queen.
