

THE MINI MUSKETEERS™

The Mini Musketeers is a pre-school or bridge version of an animated action-adventure series that puts a new twist on a classic tale for the junior generation. Here, our child hero is none other than a young Alexandre Dumas, the original author. Alongside his band of pint-sized musketeers, fantastical stories of adventure and intrigue ensue that—alongside promoting positive social-emotional messaging—cheekily inspire Dumas’s future self to write the actual The Three Musketeers book!

Pre-School | Girls & Boys | Bridge 4-7
